

THE PONDS

RULES AND REGULATIONS

Preface

Governance of The Ponds is established through a Declaration of Covenants running with the land. These Covenants provide for establishment of the Ponds Community Association (PCA) to conduct such governance in accordance with the terms of the Covenants and in accordance with Rules, Regulations and Design Guidelines established and amended from time to time by the PCA.

Article VII, Section 7.3 of the Covenants empowers the PCA to “employ personnel necessary to manage the affairs of the PCA...under contractual arrangements.” In this regard, the PCA has contracted Community Management Group (CMG) to perform day to day management, accounting and rule enforcement functions. CMG’s Property Manager for The Ponds is Natalie Kearney (795-8484 x308 or nkearney@cmgcharleston.com). Design Review functions as outlined in the Covenants and further described in published Design Guidelines are being performed by Greenwood Communities and Resorts (851-3939 or tmunroe@greenwoodcr.com).

Enforcement of Covenants/Rules and Regulations is governed by Section 10.2. Such enforcement imposed by the PCA, as implemented by its management agent (CMG) or the Design Review Board, may include fines, voting right suspension, right to use suspension, suspension of services and ultimately liens on property. Such fines generally begin in the \$100 range and may be increased as warranted. Fines may be appealed to the PCA Board of Directors as per process outlined in the Covenants. It is not the intent of PCA or its agent CMG to unreasonably obstruct use and enjoyment of Ponds common properties and amenities by property owners and accompanied guests, but out of respect for the rights and privileges of all property owners, such enforcement will be handled by CMG, DRB and the PCA Board as warranted. Please note that these Rules and Regulations are in addition to items set forth in the Covenants, published Design Guidelines and DHEC required Rules posted at the pool. For property owner convenience, all noted documents (including this one) are posted on The Ponds website (www.DiscoverThePonds.com).

In closing, please note that Ponds Covenants, Design Guidelines and Rules and Regulations apply to all properties owned by the Declarant and the PCA. Such properties include, but are not limited to, community parks, alleys, trails, amenities and conservation areas. Roadways and streetside sidewalks in The Ponds (excluding alleys and private parking areas) are public rights-of-way accessible to the general public.
